24" TRANSITIONAL FRAMED INDUCTION COOKTOP

CI243TF/S

FEATURES

- Distributes heat more evenly with 40 percent faster temperature response than gas or electric
- Transfers heat more efficiently because the energy is supplied directly to the cookware
- Enjoy cooking with lightning-fast highs and subtle lows
- Pair our slim 15" width with other Wolf modules for an integrated design
- The Bridge function joins two induction zones into one large area, enabling use of an induction-capable griddle, open roaster, or fish poacher
- Promote safer and easier cooking with cookware sensing guards
- Cleanup is a snap with the black ceramic glass surface
- Enjoy the illuminated touch controls and convenient lock feature

ACCESSORIES

- Cooktop/Module Filler Strip
- Cooktop/Module Filler Strip for Downdrafts

Accessories available through an authorized dealer.
